

Newsletter July 5 2007

This month we want to introduce you to Sergio:

He and his brother Raul had a high voltage electrocution accident four years ago which took both of Sergio's legs and one of Raul's legs. Since Sergio is only 16 years old I accepted him as a student at our new learning center in San Vicente.

Raul is past the age of a minor in Mexico so I hired him as a maintenance man at the center, (There is more than one way to skin a cat, as the saying goes)..These are very capable young men, who have been helping Angel from their wheelchairs, with painting and renovating the Gabriel House at San Vicente. When they need a man on a ladder, Raul straps on his prosthetic limb and climbs the ladder. Both boys have been fitted for prosthetic limbs, and have had their artificial legs for about 5 months, so they are still painful to wear.

Sergio is a very bright boy. He and his brother Raul both know Jesus as Savior and Lord. Sergio has been learning to weld and with Angel's help has fabricated this great hand crank bike. He wants to enter the Baja bike race from Rosarita to Tijuana in September with Angel. See some photos at:

<http://gabrielhouseofmexico.com/images/bios/pages/06sergio.htm>

He needs a sponsor(s) , so he can get the bike powder coated, and buy the right gear, food to build stamina and entry fees for the race. Angel fronted him about \$300.00 worth of special parts, so the bike could be built. I think \$500.00 would cover what he needs to accomplish all of this.

If you are interested in contributing to Sergio's adventure, please indicate "Gabriel House Sergio" on your giving. Thank You
